Students starting at LSC-Tomball in the spring will part of the Fast-Track cohort to complete the program in nine months.. Pharmacy technicians assist with maintaining records, filling and dispensing routine prescriptions and medication orders, stocking supplies of patient care areas, maintaining inventories of drug supplies, preparing sterile compound products, accepting prescriptions and refill requests, and providing assistance to the customers and patients specific to the pharmacy practice setting.

Admission Criteria for the AAS Degree Program The associate of applied science degree in pharmacy technology requires an additional year of course work.. Recruitment for the traditional fall class begins in the month of April Students typically begin the three-semester traditional daytime program in August (fall).. Because of the demand for the program, students starting at LSC-North Harris in the spring will be in the evening program that runs for 12 months (January through December).. The purpose of the program is to prepare graduates for managerial positions and customer service in hospital and community/retail pharmacies.
